#2021-005

Effective 1201, May 17, 2021

To: Train Dispatchers, Clearing

Subject: Addition to Train Dispatcher Rules and Instructions, Rule 62.5 Protection Against Defects or Unusual Occurrences

Bridges:

When notified of an unusual occurrence involving bridges, including: flash flood, fire, earthquake, derailment, or vehicular/vessel impact, take immediate action to protect employees, train movements and property.

Upon notification Train Dispatchers must:

- Immediately stop train movements in the vicinity of the event.
- Apply blocking devices to prevent movement at the location.
- Immediately notify Track and Bridge and Building personnel to inspect the affected track and bridge.
- Notify the Terminal Manager of occurrence and document the event in Operational Issues.
- Train movement may only resume when advised by Track and Bridge and Building personnel that the location is safe for movement
